Selectmen's Dedication

The Selectmen would like to dedicate the 1998-1999 Town Report to the volunteer's with in our Town. Without your dedication and professionalism quality of life in Winchester would be less desirable. From Emergency Services to our schools, Libraries, public beach, Community Center, Churches and other valuable assets in our Town. Volunteerism is the backbone of our success and something the entire Town can be proud of.

Selectmen's Report 1999

The Board of Selectmen wishes to thank all residents, officers, and employees of the Town of Winchester for their cooperation and support over the past year. The Board of Selectmen meets every Wednesday at 5:00 p.m. at the Town Hall. The Selectmen's office is open Monday through Friday 8:00 a.m. to 5:00 p.m.

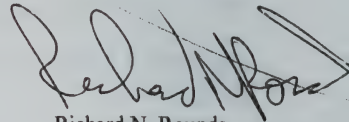

There has been a lot of positive things going on in Town over the past year and we would like to take this time to mention a few. Keeney Manufacturing (Plumb Pak) is currently building a 200,000 square foot manufacturing facility; this will add a substantial increase to our tax base plus add jobs to the Town. The infrastructure improvements that were needed to accommodate this facility are being paid for by grant funds that were applied for and received with the assistance of Southwestern Community Services and Monadnock Development Group.

We had applied for and received a Grant from the Office of State Planning. These funds were used to improve water and sewer system in the Elm Street Co-op. As this project closes we will begin another Grant that had been applied for through the Office of State Planning and the Town received. This grant is to be used to improve water lines on Mechanic Street and Maple Street. This was done with the assistance of Southwest Regional Planning Commission.

The Selectmen have also been attending training through Antioch College and various seminars that were conducted by the N.H. Bar Association and New Hampshire Municipal Association. These courses of Study are designed to keep us current with what is needed to run Town Affairs.

As we enter into the new millennium we hope to foster economic growth while improving the overall quality of life in the Town of Winchester and with your support we can make this a well-planned thriving community.

Sincerely,

Richard N. Rounds
Chairman

Thomas J. Magee

Larry R. Hill

Board of Selectmen

SELECTMEN'S REPORT - 1999

The Board of Selectmen wish to thank all the taxpayers and town officers for their cooperation during the past year. Selectmen meet every Wednesday at 5:00 p.m. in the Town Hall. The Selectmen's Office is open Monday through Friday from 8:00 a.m. to 5:00 p.m.

Below is a listing of forms relating to property assessment and taxation that are available at the Selectmen's Office. The information provided below is just a summary of each form. For more specific information please contact this office.

INVENTORY OF TAXABLE PROPERTY:

As of this year 1999/2000 the inventory form will not be mailed out to the citizens of Winchester. In order to save time and money the inventory forms will be done only every five years. The next mailing will take place in the tax year 2004/2005. The only form that is mailed to property owners is the "Inventory of Taxable Property" form. *New Hampshire Law* states that an inventory form must be filled in, signed and returned to the Selectmen's Office on or before April 15. If an inventory form is not filed on time the property owner loses the right to appeal his or her assessment with the town, with the Board of Land and Tax Appeals and to Superior Court. Forms are mailed in late March, so if you do not receive one contact this office before April 15 and one will be sent to you. If the inventory form is returned after the due date a penalty will be assessed on the second tax bill. *Due date is April 15.*

VETERAN'S TAX CREDIT:

To be eligible an applicant must meet state residency and military service requirements. If a person receiving the credit changes his or her domicile, or a veteran's spouse becomes a widow or widower during the year, a new permanent application must be filed with this office. The town also offers a tax credit for service connected total & permanent disability. This is the only disability credit/exemption that the town offers and must be validated. *Due date is March 1.*

ELDERLY EXEMPTION:

This exemption has three categories: age 65-74, age 74-79, and 80 years of age and older. Besides meeting age requirements there are annual income and asset restrictions to those applying for this exemption. *Due date is March 1.*

BLIND EXEMPTION:

Applicants who are declared legally blind are eligible for this exemption. *Due date is March 1.*

PHYSICALLY HANDICAPPED EXEMPTION:

This exemption allows improvements - such as wheelchair ramps - that have been made to assist physically handicapped individuals, to be exempt from taxation. There is a minimum residency requirement for this form. *Due date is March 1.*

OPEN SPACE/CURRENT USE:

Applicants land must meet minimum lot size and other classification requirements in order to receive the current use valuation on their land. Once land is put in to current use there is a penalty tax applied for removing land from the classification. *Due date is April 15.*

INTENT TO CUT TIMBER:

Prior to each cutting operation every owner must file this form at the Selectmen's Office. No cutting shall begin until local and state approval is given. Permits are to be posted at the site.

INTENT TO EXCAVATE:

Every owner who intends to excavate earth shall file a Notice of Intent to Excavate, with the assessing officials in the town offices where such excavating is to take place. This notice must be filed prior to commencing each excavation operation and at the beginning of the tax year (April 1) for operation not yet completed or in progress. There is a fee of \$100 for each Intent filed, made payable to: State of New Hampshire.

BUILDING PERMIT:

Any person, firm, corporation, municipality, public agency, or institution desiring to operate, maintain, offer for rent, lease or tenancy any site, lot, field, tract of ground for location of any building, trailer or manufactured housing, or other similar conveyance, place or abode for shelter, or any other form of development, - as defined in the Town of Winchester Zoning Ordinance - shall obtain a written operating [*BUILDING*] permit from the Board of Selectmen.

A fee to be set annually by the Board of Selectmen and payable to the Town of Winchester is required with the issuance of each permit. When permits are not used within one year from the date of issuance an application for renewal of permit must be made, and if granted, will not entail the payment of a new fee. Where applicable, it would be necessary to have received and to show proof of having received an "Approval of Construction," granted by the N.H. Dept. Of Environmental Services, Water Supply and Pollution Control Division for the construction of any septic tank system - or where applicable, a Certificate of Sewer Availability from the Board of Selectmen - before a building permit or permit to park manufactured housing shall be issued.

No building construction may begin before the permit is issued. The building permit application fee is based on square footage of the structure. New residential construction is based on \$.15 per square foot, non-residential is \$.10/sq. ft., and commercial construction is \$.20/sq. ft. The minimum fee is \$35.00. Electrical and plumbing permits have a flat fee of \$35.00 each.

MANUFACTURED HOUSING:

Whenever a person moves manufactured housing into a city or town for the purpose of establishing a residence in said city or town, or whenever a person purchases existing manufactured housing with the intent of residing in the same at the existing location, he shall within fifteen days of the placement of the manufactured housing, or within fifteen days of the purchase of same, register with the assessors of the city or the selectmen of the town where he intends to reside. Anyone who fails to comply with the provisions of this section shall be guilty of a violation. (RSA 72:7-B)

Further, it shall be unlawful for any person to move manufactured housing into, out of, or within the Town of Winchester without first obtaining a permit from the Board of Selectmen. The hauler of such manufactured housing shall have the permit in his possession at the time of the move.

The granting of such permit shall entail a fee, which shall be set by the Board of Selectmen, not to exceed \$100.00. This does not apply to manufactured housing that passes through the town in transit, both from and to another town.

Currently there is no fee for the "Permit to Move Manufactured Housing". Supplemental information is required, proving that taxes are paid up-to-date in whichever town it is being moved from, if used, or that the home is brand new from the factory, if new.

WINCHESTER PLANNING BOARD
BALLOT LANGUAGE FOR TOWN MEETING
MARCH 14, 2000

Are you in favor of the adoption of the following amendment to the existing Winchester zoning ordinance as proposed by the Winchester Planning Board and presented at public hearing on January 10, 2000? The intent of the proposed changes is to encourage and support economic development in Winchester. To this end, a variety of revisions, additions and changes have been proposed for many sections of the ordinance. These are presented as one amendment because they are interconnected and overlapping, and would create administrative problems if sections were voted on separately. A summary of these proposals is as follows:

- (1) To add a new Central Business District that would encompass the downtown area, permitting the mix of public, commercial and residential uses that are typical for a small downtown.
- (2) To add a new Highway Business District along Route 10 north from the Forest Lake Road to the Swanzev town line. The district would extend 300 feet on either side of the highway, and the minimum lot size would be 10 acres for new development.
- (3) To include Staddle Hill Road and the Class V portion of Rabbit Hollow Road in the Rural Residential District.
- (4) To clarify that with the inclusion of Burt Hill Road into the Rural Residential District in 1998 the width of the district was intended to be consistent with the existing District - namely 1000 feet on either side of the road.
- (5) To propose a Purpose Statement for each zoning district, so that there is guidance as to what uses would be appropriate in each district.
- (6) To amend the Table of Permitted Uses in order to be consistent with the Purpose Statement of each district.
- (7) To amend the lot size, frontage and setback requirements for all districts so that they are appropriate for the intended uses for those districts.
- (8) To modify the Home Occupation provisions to limit their use to singly family properties, to restrict outside storage and display, and limit traffic impacts from the use.
- (9) To increase the size of conversion apartments from 400 to 700 square feet.
- (10) To limit the keeping of unregistered vehicles on residential property to one per lot.
- (11) To limit yard sales to five per calendar year for no more than three consecutive days for each sale.
- (12) To allow backlot development in the Rural Residential and Agricultural Districts, provided that the lot size is twice that required for the district, that the property is accessed by a 70-foot buffered driveway, and that a maintenance agreement for any common driveways is signed by all affected landowners.
- (13) To allow the Planning Board, upon passage of this amendment, to make the necessary formatting and numbering changes to the zoning ordinance.

Re: Fund Balance

Dear Irene:

You have requested us to provide to you an explanation of fund balance or surplus for a forthcoming meeting.

The term "surplus" and "fund balance" are one in the same. Several years ago, the term "fund balance" replaced the term "surplus" because it is more descriptive. Fund balance is the difference between assets and fund liabilities.

Fund balance does not represent "excess or idle cash" or improper budgeting practices. In fact, a strong fund balance is an indication of strong financial management practices by the Town. When a community has a strong fund balance, it provides the opportunity for proper cash flow, improved interest earnings and the available of a financial resource should an emergency occur.

It is also important to maintain a strong fund balance to enable a community to better manage its tax rate so that rates do not go up and down drastically over time.

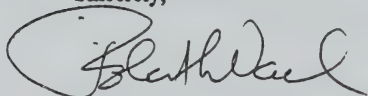

Outside bond rating agencies and the New Hampshire Department of Revenue Administration recommend that communities retain between 5% and 10% of total appropriations on an annual basis.

To explain in layman's terms, fund balance is the same as "net worth" to an individual. It can be best described as the difference between cash and other amounts, which may be owed to you and your liabilities. For example, if I have \$10,000 in my bank and the value of my house and cars are \$100,000 but I have an outstanding mortgage balance of \$45,000, my net worth or "fund balance" would be \$65,000. However, since I have not

sold my house, my "fund balance" would not necessarily reflect my spendable resources since I only have \$10,000 in available cash. Therefore, I would not plan on spending my "fund balance" because it is not available in "liquid assets" or cash.

We hope that this written explanation is useful to you and the budget committee. While I am not available Tuesday night, I would make myself available to the Budget Committee or Board of Selectmen to discuss this matter further.

Sincerely,

A handwritten signature in cursive script, appearing to read "Robert L. Vachon". The signature is written in dark ink and is positioned below the word "Sincerely,".

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF GENERAL PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Selectmen
Town of Winchester, New Hampshire

We have audited the general purpose financial statements of the Town of Winchester, New Hampshire as of and for the year ended June 30, 1999, and have issued our report thereon dated September 15, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Town of Winchester, New Hampshire's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of general purpose financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. These results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Winchester, New Hampshire's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of management, the Board of Selectmen, and federal awarding agencies and pass-through entities. However, this report is a matter of public record, and its distribution is not limited.

TOWN OF WINCHESTER
POLICE DEPARTMENT
1999-Annual Report

Our community is safe as we end 1999 and begin the year 2000. While we have crimes committed within our Town, serious crimes resulting in injury or major losses to our citizens are rare. This is a tribute to the support given to the Police Department by our citizens and to professional dedicated officers we have working for us. As I watch news reports on events that are occurring in communities and states around us I am thankful those type incidents are not happening in Winchester.

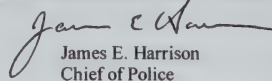

We have seen many citizens and families in our community affected by accidents that have occurred in places close to us and by suicides that have involved individuals known to many of us. We offer as a Community our thoughts and prayers for the families and let it be a reminder that we must act when we notice a troubled teen, a depressed friend, or anyone overwhelmed by the stresses of our society. This is an extremely caring and giving community when we know someone is in need.

During the past year things are looking up for our schools. With the recent vote to renovate and build new classrooms and the support of our school teachers and programs addressed in their current budget the tools are there to improve safety conditions, working conditions, and to improve the quality of education in our school district. Your police department will be working closely with school officials to ensure a safe environment to teach in and to learn in exists everyday at our schools. While juvenile crime continues to keep us busy many of our youth are being helped through programs available through alternatives to court. Criminal Mischief and thefts are the most common violations being committed by our youth. Many businesses and citizens in our town are hiring kids to keep them busy.

Our streets are patrolled more that ever at the present time and motor vehicle violations are written and licenses are being revoked to keep our accident rate down. We continue to ask citizens to report violations they observe to assist the patrolmen in preventing accidents and injuries. Drivers who drink and get behind the wheel can expect to be arrested and prosecuted. Many get away with it right up until they see the blue lights in their mirror if they are lucky or until they hurt themselves or someone else if they are unlucky. There is no reasonable cause to drink and drive in the year 2000 and a DWI charge can cost offenders their job, thousands of dollars in fines and treatment, their freedom in some cases, and that's if they are not involved in an accident. Report those who drive while impaired.

Training is being conducted at your Police Department as laws relative to Domestic Violence, Assaults, Motor vehicle offenses, Juvenile Statues, and many others are changing effective with the new year. Our officers continue to meet the increased requirements being placed on them to better serve our Citizens. Officer safety continues to be a priority for this department and the Board of Selectmen. All of our officers remain committed to serving in a professional manner as we enter the year 2000.

As your police chief through the 1980's and 1990's I wish to thank the citizens of Winchester for their continued support and the confidence placed in this department. I am proud to be from Winchester.

James E. Harrison
Chief of Police

TOWN OF WINCHESTER
EMERGENCY MANAGEMENT
1999- Annual Report

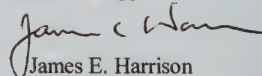

Winchester's Emergency Services have completed another busy year. We completed a full scale graded exercise involving the Vermont Yankee Power Plant this year and all of our departments did well in meeting their training objectives. We have added equipment, conducted training, improved policies and emergency plans, and written and received grants during this period to improve our readiness for the upcoming year.

Your emergency services including Police, Fire, EMS, and EM have worked well with the Board of Selectmen, Highway Department, Water Department, Sewer Department, School District, and local businesses to meet every emergency we were called to over the year in a professional timely manner.

All of our workers are dedicated individuals, trained in their respective fields, ready to respond to our community's emergencies. When you see a firefighter, ambulance attendant, or other on call emergency worker around the town take time to talk to them and let them know their efforts are appreciated.

Emergency Management, this year, brought in more grant money than ever before. Our Emergency Management Grant, Radiological Response Emergency Plan Grant, and FEMA Hazard Mitigation Grants were all obtained. This brought money into the Highway Department to offset emergency expenditures during the year as well as some money into other Departments. Excellent documentation on the part of all workers involved resulted in the approval of the FEMA funds.

This year we will continue to work with our schools to assist them in areas of emergency planning during the renovation of the school facilities. With the support of the Board of Selectmen, Emergency Management funded and provided emergency communications equipment to the schools during the past year and this equipment can continue to be used to insure the safety of the student population and our teachers. As far as our safety concerns go we are grateful to the citizens of Winchester for supporting the Fire Safety, Accessibility, and General Building Code improvements which will be completed at our school facilities this coming year. Not only will it make conditions safer for students and staff but it will also reduce the risk the current buildings place on emergency responders. Once again our community has come together to address an issue that will improve our quality of life in Winchester. Thank you for your continued support.

The Winchester Fire Department had a very busy year in 1999.

Your Fire Department currently has 45 active members. Several are certified as Firefighter 1. Training of other members is currently ongoing. Our goal is to have most of our firemen certified. It is becoming increasingly difficult for small towns to continue to find enough qualified people that are willing or able to make the commitment to become firefighters. The state continues to raise the level of training that is required. That is well and good, But it does require a higher level of dedication and commitment then in previous years. Most volunteer firemen have regular jobs and they do not have the time to do all that is required of them to remain current. We have a very good local training area at Meadowood in Fitzwilliam and the last year has also been difficult for them to continue to provide local Fire departments with training.

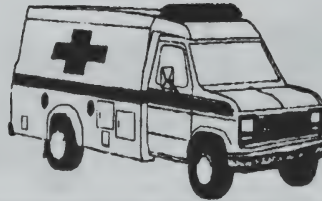

Our rescue truck, that responds to all fire calls and accidents is now permanently out of service. We will need to replace this vehicle at a cost of about,\$50,000. This vehicle is badly needed because it transports men and equipment to fires and accidents.

The Winchester Fire Department would like to thank the townspeople, local businesses and organizations for all their support during the last year.

As we enter the new millenium, I am sure there will be many more changes to come and we will continue to do our best to serve the community and meet the challenges of the 21st century.

Respectively Submitted;

Ambulance
Winchester Fire Department

July 1, 1998 ---- JUNE 30, 1999

The Winchester Ambulance Service has again worked very hard to give the residents of Winchester and Richmond the best pre-hospital care possible. This year the task was made more difficult because of new regulations put on EMS personnel by state agencies, but the dedicated personnel of our service have stepped up to meet the challenge. This was accomplished by several people achieving higher levels of training, as well as our own in-house training. We are also pleased to report that we have reached a milestone in the past year. Our service has been certified by the State of New Hampshire as an Advanced Life Support Unit. We are now able to initiate IV therapy and administer 4 medications in the field.

We continuously strive to reach higher levels in several areas; response time, professional attitudes and appearances, to make our citizens feel confident that they have a caring and sincere team of professionals to serve their needs.

At the present time we have on our roster 4 NREMT- Intermediates, 11 NREMT- Basics and 9 NR emergency responders. We also have 5 people currently enrolled in EMT- Basic classes.

We intend to continually add to our team in the coming year to serve our community better. We are also still continuing to upgrade our equipment to keep up with today's ever changing standards.

At this time our entire team would like to thank the citizens of Winchester and Richmond for all their support, and hope we can serve our town in the best way possible.

Respectfully submitted,

Richard LaPoint Sr.

Winchester Highway Department Annual Report.

The Highway department completed a three-year project, which included completely resurfacing of Old Chesterfield Road and Clark Road. The final step in this project was to chip seal both roads, which should help preserve them for many years. Oak Circle was also shimmed and chip sealed with excess material left over from this project.

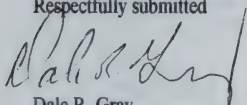

Because of budgetary constraints the Highway crew had an active roll in the restoration of the Ashuelot Covered Bridge. Items we were responsible for included, but not limited to plowing, sanding, and salting construction areas, disposing of all demolitions debris, maintenance of all silt fencing, construction detour signs and clearing of trees.

The winter months brought us less then normal accumulations of snow, but more ice storms, which are more costly. We used over 1,100 tons of salt this year and completely depleted our stockpile of over 3,000 yards winter sand, which had to be replenished. One particular ice storm the crew stayed out maintaining the roads for over 36 hours straight. The end results where very rewarding with many compliments from residents, the bus company, and surrounding towns which had to deal with ice build up for weeks while Winchester roads were in much better condition. (Sometimes you guess right)

The Highway department responds to emergency situations year round. One particular instance this past year was when hurricane Floyd made a visit. A call at 2:00 A.M. brought the crew out to find five different roads in town were completely impassable. Within sixteen hours all roads where open to traffic. It should be noted that this was a complete team effort with personnel from the police department, water department, landfill and emergency management assisting the highway department. By having the emergency management team and a strong paper trail we applied for and received approximately \$12,869.06 from, F.E.M.A. of which came directly back to the highway department to reimburse us for labor, materials, and equipment.

As the millennium approaches we are glad to report that we continually strive to upgrade our knowledge and resources. This year we added a new computer in our office, which will be a valuable tool for us to use. The computer will allow us to track our maintenance program through out the Highway Department, track materials and cost, and will allow us to allocate labor costs, and materials to proper departments. We will also be tracking past weather patterns and cost associated with them and various other uses that are essential to running a department.

Thank you for your continued support

Winchester Solid Waste Management District Report

The Transfer Station made significant improvements over the past year. W.A. Roy and Sons Paving, assisted by the Winchester Highway Department paved the entire working area of the facility. The benefits are obvious for those that use the Transfer Station by no more potholes, eliminate large puddles, makes winter maintenance easier and a safer overall environment for our patrons. For security and safety a 250-watt high-pressure sodium floodlight was added. Now you can see on Thursday nights.

When you enter the facility straight ahead is the closed landfill (The Mountain), you may feel relief and saying, "I'm glad it's over with." But in reality we must baby-sit this project for a 30-year period. Last year we had a tremendous problem with erosion but this year it was minimal with only one problem area we are fighting. This is due to poor quality loam; we can't establish a health vegetative growth. We plan to fertilize and re-seed certain areas.

Surface water, ground water and methane gas testing have all remained very good, showing steady improvements. If this trend continues this coming year we plan to ask the Department of Environmental Services for less stringent testing requirements therefore reducing costs associated with these tests.

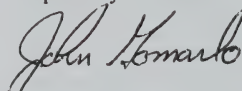

Each year that goes by we have seen a steady increase in the amount of Municipal Solid Waste (M.S.W. or household rubbish.) This year we had an increase of 91.36 tons, which is the largest yearly increase since the transfer station opened. The volume of M.S.W. will have a direct effect with future expenditures associated with the Transfer Station.

The Town is nearing its completion of a 5-year contract with Cheshire Sanitation, now owned by Waste Management, and can expect Major Increase in future disposal costs. Factors that will contribute to these costs are area landfills will be closed necessitating higher transportation fees. Sites where you can dispose M.S.W. are more costly to build; regulated more stringently and very limited, driving up tipping fees and less company's to do business with.

Governor Jeanne Sheehan has convened a task force dealing with Solid Waste Disposal costs for communities in New Hampshire. Consolidation and the waste disposal market have also caught the eye of the Attorney General, who is looking into any possible anti-trust violations. Southwestern New Hampshire in particular has no viable independent M.S.W. company's and is feeling the effects of industry wide consolidation.

As you can see a lot is going on and we as a community need to remember that not only is recycling mandatory, it helps reduce the Municipal Solid Waste we generate and will save us money and make a better world.

WINCHESTER WATER DEPARTMENT

ANNUAL REPORT

JULY 1998/JUNE 1999

THE WATER METERS ARE ALMOST ALL INSTALLED. THE PURPOSE OF INSTALLING WATER METERS IS TO CONSERVE ON THE CONSUMPTION OF WATER USAGE TO LESSEN THE BURDEN ON THE MAINTENANCE AND REPAIRS ON OUR WATER WELLS. THIS WILL ALSO CONTROL OUR EXPENSES, PLUS ELECTRICITY . ALSO OUR STORAGE TANK WILL NOT HAVE TO BE INCREASED. IT IS LARGE ENOUGH TO SUPPLY OUR NEEDS FOR NOW. WE CONTINUE TO REPLACE CURB STOPS AND FIRE HYDRANTS.

*Home and Community Based Care is a Medicaid program which offers extended home care services to individuals who are in need of nursing home level care but can be maintained at home for a lower cost.

Total Unduplicated Residents Served: 252

Regularly scheduled wellness clinics, prenatal care, hospice care and well child clinics are also available to residents. Town funding partially supports these services.

FINANCIAL REPORT

The actual cost of all services provided in 1999 with all funding sources is projected to be \$512,138.10.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by your town.

For 2000, we request a total appropriation of \$31,000.00 to continue home care at the current level and \$3,824.00 for the Meals-On-Wheels program.

Thank you for you consideration.

WELFARE DEPARTMENT

1998-1999 ANNUAL REPORT

Requests for Welfare assistance continue to increase, even though the economy seems to be improving. The need for assistance continues, due to low income or lack thereof. Each applicant is carefully screened and required to apply for food stamps, fuel assistance, and do a job search. The Town is required by State statute to help these people as long as they meet the needs assessment (income v allowed expenses).

Due to generous donations from WYRY, the Salvation Army, Citizens Bank and others we were able to make Christmas a happier time for 34 families (76 children),

Welfare Director

ZONING BOARD OF ADJUSTMENT
1998 - 1999 ANNUAL REPORT

The Zoning Board of Adjustment (ZBA) is empowered to enforce the Zoning Ordinances by holding hearings for administrative appeals, special exceptions, and variances. The ZBA meets on the first Thursday of each month or may hold special hearings as deemed necessary and as recommended by the Chairperson and majority vote of the members.

Since the last Annual Report, the ZBA lost three of its members, including its Chair, to a call to other town service or personal commitments. The ZBA was rebuilt with three new board members and we are proud to say that our board truly represents the diversity of Winchester's population. We share in the conviction that our decisions will be made with uncompromising integrity and commitment to fair and equal treatment to all applicants, while based on full compliance with the laws, but also with sensitivity to individual circumstances and a clear sense of responsibility to 'community'. I am honored to be serving as the Chair of this very special board, and the Town of Winchester can also be proud of these volunteers and the service they provide.

The following applications were received and processed from July 1, 1998 to June 30 1999:

Winchester Historic District Commission
Annual Report 1988-1999

This year the commission acted upon three applications for permits to perform a regulated activity within the Historic Districts. All three applications were granted without modifications.

The commission meets regularly on the second Wednesday of the month with special meetings as necessary. The residents of the Town are also welcome to attend our meetings to discuss concerns they may have.

CEMETERY REPORT

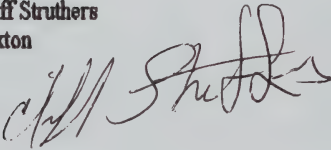

In the Evergreen cemetery there was an addition added to the building. There was loaming done behind the building so that we can now mow back there for the first time in twelve years. Loaming was done in the old part of the cemetery also.

There was painting of cemetery fences and some stone repairs along with the regular upkeep and duties that are done every year.

There were the normal number of burials done in the past year.

WINCHESTER CONSERVATION COMMISSION
FLORA • FAUNA • AIR • SOIL • WATER • RECREATION

Town Hall • Winchester, New Hampshire 03470

ANNUAL REPORT TO THE TOWNSPEOPLE
FISCAL YEAR 1998-1999

The Winchester Conservation met regularly on the 4th Thursday of each month, except when holidays or lack of a quorum required rescheduling.

In accordance with its charge, the commission monitored compliance with the Shoreland Protection Act and Wetlands ordinances. When deemed appropriate, cases were forwarded to either the selectmen or the New Hampshire Department of Environmental Services for further action. In conjunction with the state, water tests were done on Forest Lake.

Paul Gamache, Winchester's representative to the Ashuelot River Advisory Committee, kept the Conservation Commission informed of the plan for the river.

Musterfield Park was monitored and maintained as a picnic area by members of the Conservation Commission and volunteers.

The Conservation Commission awarded a scholarship to the 6th Conservation Summer Camp to John Horton, a student at Thayer High School. The Conservation Commission works cooperatively with the school and Project Serve on an ongoing basis.

This year, we finished the acquisition process for a 12-acre tract of land on the Back Ashuelot Road, donated to the town by Mrs. Joan S. Wolff. The property will be held as a nature preserve for scientific, educational and aesthetic purposes.

The Conservation Commission met periodically with the Economic Development Committee, the Beautification Committee and the Planning Board to share ideas and goals. It has been a very busy and productive year.

Respectfully submitted,

Whip Newell, Chairman
Winchester Conservation Commission
